- d. The State Governments/UT Administration will ask for new EMRS after ensuring that all the existing EMRSs have been made functional.
- e. The Ministry's support to the States/UTs for the EMRSs programme and its expansion will be subject to the States/UTs ensuring high quality of management and running of the schools. Quality management indicates timely and smooth transition of funds allocated from the State Government/UT Administration to the management societies/schools; ensuring the recruitment of the desired number of teachers; ensuring the provisions of medical facilities to staff and students; clean and hygienic surroundings and food for the children and providing a healthy, happy environment for the academic and overall development of the children, If the progress in the EMRSs is seen to be poor as a direct result of poor management and lack of adherence to standards the States/UTs concerned would be unable to claim any more funds from the Ministry for this programme.

## 2. Objective of EMRS
